LOCAL HEATING OPTIONS

There are many ways to provide local heating where you need it the most. New natural gas installation may happen to be a long and complicated procedure - project design, permission... Check out easy and quick solutions such as electricity or propane or others. Have a look at CSM INDUSTRY in Tisovec, Slovakia and their approach. Combining dark infrared heater [ADRIAN-RAD AA35](#) with propane supply secures required temperature and it is quick to do.

SHOOTING RANGE DUKLA

Army sport centre DUKLA in Banská Bystrica is home to some of our best sportsmen and sportswomen for many years now. Most of Slovak representants learned how to shoot in the range heated by ADRIAN products. [Dark infrared heaters](#) provide perfect temperature comfort in 50 m long training premises. Low noise, no air movement and free space everywhere are the key features. Thanks to professional service and maintenance on regular basis it works smoothly whenever needed.

PROFESSIONAL SERVICE AT HOME AND ABROAD

The end of heating season is the perfect time of the year to look at all issues that you noticed during the operation of heaters. Factory POTENS PERFORACIJA d.o.o., Požega, our long-time client in Serbia has this exact approach and contracted our professional service men to take care of the installation. 18 pcs of dark infrared heaters [ADRIAN-RAD AA22](#) provide optimum work place conditions at various welding positions in numerous halls. Everything is controlled by [MULTI-RAD](#).

INTERGOVERNMENTAL COMMISSION FOR COOPERATION WITH KAZAKHSTAN

Business forum between Kazakhstan and Slovakia was organized by SARIO as a part of official program of Intergovernmental commission for economical and scientific cooperation between these two countries. It took place March 10th 2022 and it was the 9th round of meetings with both embassies participating and Ministry of Economy of Slovak Republic taking the lead. The focus was on matchmaking of businesses from machinery, aviation and energy sectors. Different state agencies supported the event. ADRIAN GROUP was one of companies who were presented.

TECHNICAL TRAININGS FOR SERVICE MEN

By the end of March 2022 dozens of technicians attended number of trainings for service men in ADRIAN GROUP. The focus was on all changes in the range of products 2021/2022, modifications to constructions and functioning related to requirements of EcoDesign and ERP norms. We shared all practical information and skills learned with mounting of equipment, repairs, revision and diagnostics on spot. Every time a vivid discussion about real experience during the heating season took place. Each participant left with loads of information and certificate to declare his updated abilities.

PERSONAL PROTECTION AGAINST VIRUS

NOMAD MINUSVIRUS is practical mobile appliance for personal protection against virus and bacteria. It is certified as highly efficient shield against viruses that belong to large family of coronaviruses SARS and its mutations that could cause COVID-19. It creates protective bubble around its user. In this space it eliminates biologically active microorganisms by micro plasma. This way it provides individual safety in the area of approx. 15 m². Ergonomics and silence are great features. It makes it suitable for offices, rooms at home and other interiors. It does not use
