### NEW HEATING REFERENCES

Regardless actual summer temperatures, one must think of heating already. Early project designing and submitting necessary building permits is key to finishing your installation this year. Begin your installation as soon as possible to avoid stress and limited capacities in autumn and winter. Look at the latest reference of our partner ETEC, Žilina for Q&L logistic centre in Trnava where they decided to combine dark infrareds [ADRIAN-RAD AA 502](#) and gas hot air blowers [ADRIAN-AIR AX 25](#). Another successful project was finished in garages of road maintenance for Trenčín county here in Slovakia where dark infrareds [ADRIAN-RAD AA 222](#) were installed.

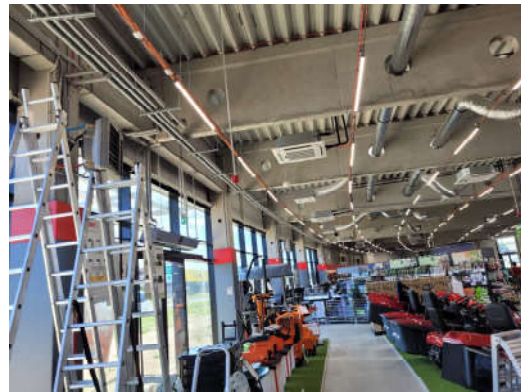

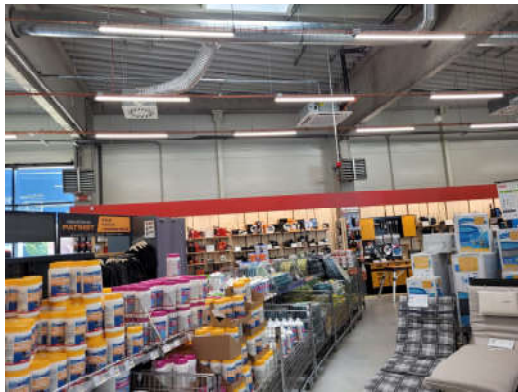

### TEMPERATURE COMFORT AT POHODA FESTIVAL

The biggest music and art festival POHODA took place for 25<sup>th</sup> time. Two companies asked us for help with providing temperature comfort for their visitors. Milk farm – BRAUNVIEH and brewery Banskobystrický pivovar with their legendary URPINER beer asked us to cool their premises with mobile adiabatic coolers [ADRIAN-AIR EV18](#) and [EV8000](#). Refreshing breeze made everybody happy.

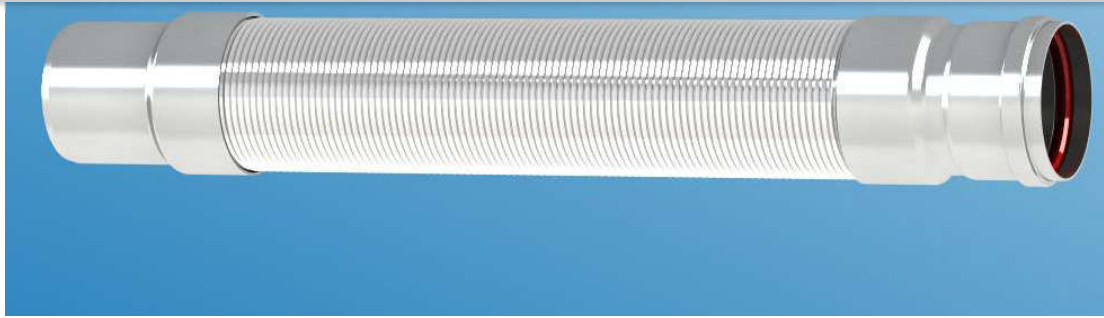

### MOUNTFIELD KOŠICE

forget to look for our products and feel the comfort they provide.

## EXTENDED OFFER OF CHIMNEY PARTS

Many changes are to be expected in chimney parts offer with new catalogue coming soon. We added the whole range of insulated chimneys including all popular single tubes as well as elbows of various angles and caps. It presents the demanded starting straight prolongation that serves as a first mandatory piece if you plan to build insulated chimney according to the norms. It will be available as diameter 80/125 and 100/150. Modified flexible hose FLEX AL/INOX suitable for hot air gas fired heaters is more attractive for installers due to the use of special flanges for easy and firm fixation to the blower. Prices are for now only indicative.

### WHAT IS NEW WITH DECONTAMINATION?

Are you wondering what is happening in air decontamination? Take a look at this video. Clean and safe air are still a very important topic.
