NEW REFERENCES WITH METROSTAV

METROSTAV is one of the top developers and constructors in our region. Our cooperation resulted yet into another heating project called Phase I., Bory, Bratislava in Slovakia. We recently finalized implementation of dark infrared heaters [ADRIAN-RAD AL 352](#) and 132 for first 3 halls. Another 4 objects already started to take shape within Phase II. Besides providing temperature comfort with radiant heat we already discuss individual offers for future users for [GUARD PRO](#) door curtains and other energy saving products and systems to be added to our infrareds.

METAL SHOW & TIB INVITATION

Restart of exhibitions and fairs after long period of pandemic restrictions allows us to present once again energy saving technologies live and meet our partners and clients in person. Repeatedly postponed exhibition in Bucharest, Romania called METAL SHOW & TIB will take place on May 11th – 14th 2022. Visit us at the National stand of Slovakia organized by SARIO investment agency in Hall B2. Among Slovak companies [ADRIAN GROUP](#) will have the opportunity to introduce news and future plans in our range and activities. Be our guest and meet us in Bucharest.

METALSHOW & TIB 11 - 14/05/2022
ROMEXPO, BUCUREȘTI

ERP ECO DESIGN IN REAL LIFE

Innovated gas hot air units [ADRIAN-AIR](#) are as popular as their predecessors. One of the last installations is located in the outside perimeter of world known company ZVS in Dubnica nad Váhom in Slovakia. Together with our long-term partner we mounted 4 pcs of [ADRIAN-AIR AX 35 ERP](#) into newly refurbished premises with individual thermostat for each one of them. New digital control automatic enables individual settings of selected parameters to adjust the unit to the location and customer demands.

GREEN MERCURY AWARDS

The introduction of new board and body of Regional chamber in Banská Bystrica of Slovak Commerce and Industry Chamber took place on April 26th 2022 at the Technical University in Zvolen. At the public event the President of the Slovak Chamber together with Mayor of Zvolen and Principal of the University were among other important guests. Green Mercury Award is an initiative of the Chamber to motivate businesses to introduce innovations to their products and services related to environment. Main topics this year focused on circular economy, efficient use of resources and sustainable growth. ADRIAN GROUP was rewarded with special acknowledgment for popularizing [ADIABATIC COOLING](#) as an alternative to conventional air conditioning among businesses and public.

ADIABATIC COOLING

The end of spring is here. Temperatures are rising and cooling is becoming an issue again. Try affordable freon free cooling. Use evaporative cooler [ADRIAN-AIR EV18](#) to cover the area of 100 m² up to 150 m². It takes 10 times less energy to reduce the temperature from 35°C to 25°C on

quality working conditions for your employees. Learn more at our [e-shop](#) or read more [here](#).

HOT WATER UNITS SONNIGER

New [SONNIGER](#) price list is introduced from May 1st 2022. All units [HEATER CONDENS CR](#), door curtains [GUARD](#) and [GUARD PRO](#) have powerful fans with 3 step speed control included. Combine it with highly efficient heat exchanger and you will get perfect range of products and parameters. HEATER CONDENS are designed to bring comfort into any premises - large (halls, warehouses, shops and showrooms) or small (sport halls, outlets, conference rooms). Great endurance, long life span and easy installation are main advantages of the product range. Appliances are suitable for low temperature energy systems, too. Door curtains reduce significantly heat losses through open gates and doors. High speed and large air volume have the power to save your operation costs on heating or cooling. Choose your solution with or without heating. Use hot water, gas or electric power to heat the air or take advantage of physics of strong air flow with ambient temperature. New PCT elements are applied in new generation of products. Axial fans with diameter up to 450 mm will do the job. Reach of air flow goes to 7,5 m to cover even larger openings. All news are available on our [e-shope](#). Ask for updated technical documentation and inputs for project designers [here](#). More information at adrian@adrian.sk or +421 948 312 270.

Kód	Teplovodné jednotky s príslušenstvom	Cenniková cena
3-62-200	Teplovodná jednotka HEATER CONDENS ONE s konzolou (5 - 25 kW)	€ 299
3-62-201	Teplovodná jednotka HEATER CONDENS R1 (10 - 35 kW)	€ 378
3-62-202	Teplovodná jednotka HEATER CONDENS R2 (15 - 50 kW)	€ 417
3-62-203	Teplovodná jednotka HEATER CONDENS R3 (20 - 70 kW)	€ 476
3-62-206	Teplovodná jednotka HEATER CONDENS R2 MAX (25 - 70 kW)	€ 562
3-62-204	Teplovodná jednotka HEATER CONDENS R3 MAX (35 - 95 kW)	€ 641
3-62-205	Teplovodná jednotka HEATER CONDENS R4 MAX (40 - 120 kW)	€ 720
3-30-006	Destratifikátor HEATER CR MIX1	€ 321
3-30-007	Destratifikátor HEATER CR MIX2	€ 404
3-62-185	Otočná konzola HEATER CR 1/2/3/MX 1	€ 19
3-62-196	Otočná konzola HEATER CR MAX 2/3/4/MX 2	€ 22
3-62-187	Panel COMFORT - regulátor rýchlosti otáčiek a termostat	€ 38
3-62-188	Panel INTELLIGENT - automatický regulátor otáčiek a termostat	€ 70
3-62-189	Splitter MULTI - 6 - ovládanie pre 6 ks teplovodných jednotiek HEATER	€ 178
Kód	Dverné clony s príslušenstvom	Cenniková cena
3-35-552	Teplovodná clona GUARD 100W (10 - 16 kW)	€ 697
3-35-553	Teplovodná clona GUARD 150W (20 - 29 kW)	€ 844
3-35-554	Teplovodná clona GUARD 200W (25 - 40 kW)	€ 986
3-35-540	Elektrická clona GUARD 100E (4 - 7 kW)	€ 737
3-35-541	Elektrická clona GUARD 150E (6,5 - 11 kW)	€ 887
3-35-542	Elektrická clona GUARD 200E (8,5 - 14 kW)	€ 1 072
3-35-544	Dverná clona bez ohrevu GUARD 100C	€ 618
3-35-545	Dverná clona bez ohrevu GUARD 150C	€ 771
3-35-546	Dverná clona bez ohrevu GUARD 200C	€ 856
3-62-187	Panel COMFORT - regulátor rýchlosti otáčiek a termostat	€ 38
3-35-543	Horizontálny držiak - set GUARD	€ 36
3-35-547	Vertikálny držiak - set GUARD	€ 36
3-35-550	Dverný spínač GUARD	€ 57
3-35-551	Modul BMS	€ 194
Kód	Priemyselné dverné clony s príslušenstvom	Cenniková cena
3-35-530	Priemyselná teplovodná clona GUARD PRO 150W (33 kW)	€ 1 293
3-35-531	Priemyselná teplovodná clona GUARD PRO 200W (47 kW)	€ 1 591
3-35-548	Priemyselná elektrická clona GUARD PRO 150E (14 kW)	€ 1 585
3-35-549	Priemyselná elektrická clona GUARD PRO 200E (18 kW)	€ 1 965
3-35-532	Priemyselná clona bez ohrevu GUARD PRO 150C	€ 1 062
3-35-533	Priemyselná clona bez ohrevu GUARD PRO 200C	€ 1 177
3-35-535	Dverný spínač DS	€ 73
3-62-187	Panel COMFORT - regulátor rýchlosti otáčiek a termostat	€ 38
3-62-189	Splitter MULTI - 6 - ovládanie pre 6 ks teplovodných jednotiek HEATER/GUARD/GUARD PRO	€ 178
3-35-538	Inštalčná konzola GUARD PRO	€ 14

Platnosť cenníka do 31.12.2022.

Všetky ceny sú za ks, bez dopravy, bez DPH, EX WORKS Banská Bystrica.
