INTERNATIONAL WOMEN'S DAY

Dear ladies, colleagues, business partners, friends, on Women's Day, we would like to thank you all! We wish you good health at any age, happiness and love, success and satisfaction in your professional and personal life! Sincerely, ADRIAN GROUP

PRICE LIST UPDATE 2023

ADRIAN GROUP is preparing a new update of the product price list for the year 2023, valid from 15. 3. 2023. The assortment of the ADRIAN brand is also being modified. In order to offer the best conditions for our customers, this year we focus on **infrared heaters** in stainless steel, **Destratifiers**, **control elements** and other products have undergone changes. Request your new catalog and confirm the terms and conditions at sales@adrian.sk.

SAVING ENERGY IS WORTH IT

More and more of our customers are realizing that the cheapest is energy that they can save themselves. One of the ways is also the protection of large industrial gates against the escape of a huge amount of heat from the production hall. For this purpose, it is ideal to use powerful **door curtains**. Whether they decide for gas, hot water, electric or even module without heating, it is always an effective and simple solution. Our clients also chose this path: Inipex s.r.o., Mar s.r.o., Rona a.s. etc. Each of the companies has its own production program, but these door curtains will reliably serve everyone. Ecological paper straws, table glass, metalwork - cold air is strictly prohibited from entering the hall. And that's the point.

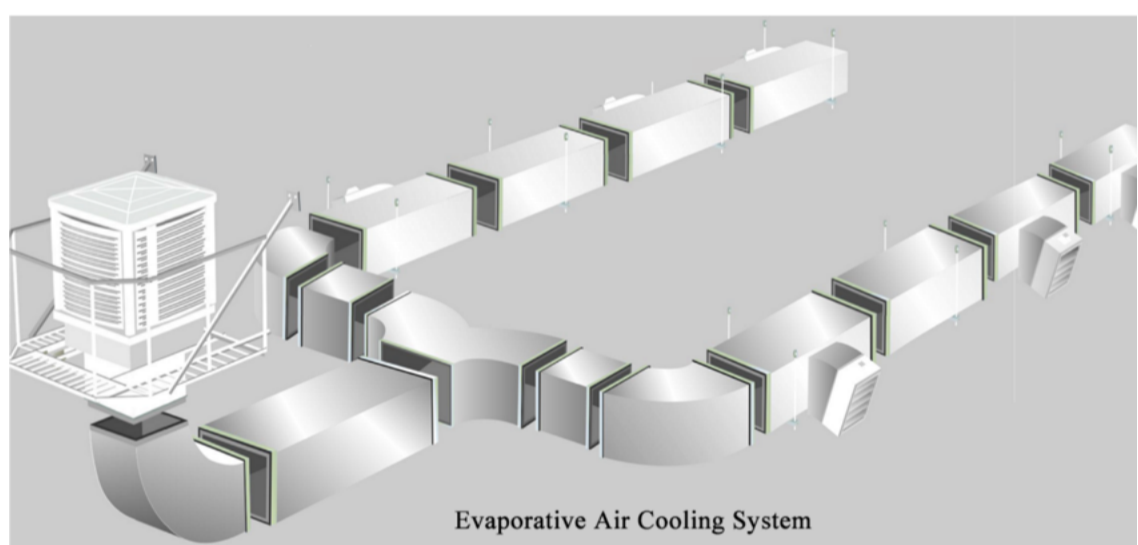

SERVICE PARTNER TRAINING APRIL 2023

Due to the high interest in March training dates for service and assembly partners of ADRIAN GROUP, we are opening the last date of the spring training series. We invite all service partners of ADRIAN GROUP to the training, which will take place on 4/4/2023 from 9:00 a.m. to 12:30 p.m. You will learn about the changes in the range for 2023 at ADRIAN GROUP, and at the same time we will take a closer look at the design differences between older and new devices that are in line with Ecodesign and ERP requirements. The price for one training session for a company is €30 without VAT for any number of company representatives. You can register from now on by emailing sales@adrian.sk or by filling out the questionnaire [here](#).

PREPARING FOR SUMMER 2023

Plan the maintenance of your adiabatic cooling units after winter this year. The number of installed evaporative coolers grows from year to year, therefore contact sales@adrian.sk as soon as possible in order to get your term for service fixed. If you are thinking about adding cooling or installing new units, contact us even today at adrian@adrian.sk and send us documents for a price offer or arrange a visit with us. This year, our goal is once again to provide you with ecological cooling of premises at minimal electricity costs, which is affordable for everyone.

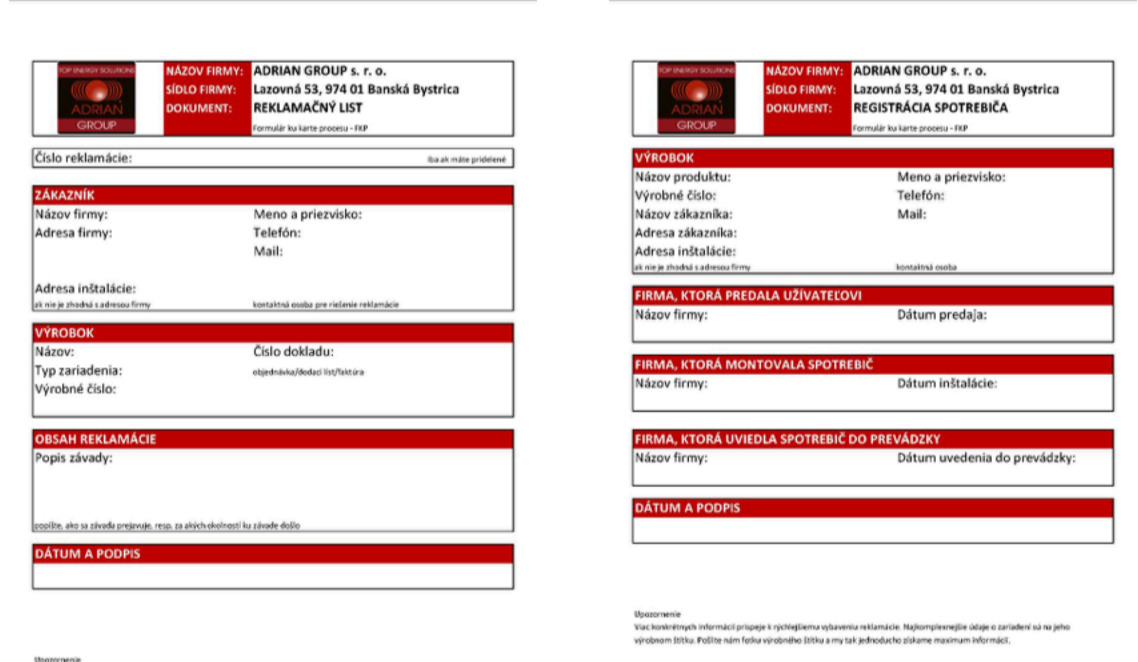

SONNIGER BRAND IS GETTING CLOSER TO YOU

The popularity of SONNIGER brand continues to grow. ADRIAN GROUP as the exclusive distributor for Slovakia, it does everything to make these quality products more affordable and accessible. Together with selected partners, we work to ensure that you get your technical support or goods where you need it most, in your location. Together with companies like RECOS, MIRAD and others, we want you to have **HEATER** hot water units, **GUARO** and **GUARO PRO** door curtains available, along with other installation materials and goods, at your favorite supplier.

COMPLAINT PROCESS REDESIGNED

In order to streamline the entire process of communication with our colleagues, we have prepared an online complaint form for you, which must be filled out to start the entire complaint process and sent as a document or conveniently sent electronically directly from the form. It will be part of the content of our website www.adriangroup.sk and eshop.adriangroup.sk, together with the modified warranty conditions, as well as the technical conditions. Online registration of your devices will be a novelty. We will continuously inform you about other news.

CHINESE NEW YEAR

A lovely event took place on March 1 in Bratislava. Mrs. Jenny Szeto, Director of the Government Office of Economy and Trade of the Hong Kong Special Administrative Region of the People's Republic of China in Berlin, together with the SOPK, after three years of forced break, held a traditional ceremonial reception on the occasion of the Chinese New Year - the Year of the Rabbit. After official speeches of representatives of both parties, the participating guests could listen to a beautiful musical performance by young talented artists from Hong Kong.
